

ONE-LANE-AT-A-TIME TRAFFIC IN RUELLE GADBOIS

January 12, 2016 – As part of Turcot Project work, street lamps located in the alley West of the complexe récréatif Gadbois, between chemin de la Côte-Saint-Paul and rue Notre-Dame Ouest, must be removed to proceed to the construction of the new ramp of autoroute 15 northbound to autoroute 20 and route 136 (now autoroute 720). Lighting will be installed on the complexe récréatif Gadbois to ensure lighting of the alley, after the removal of the street lights.

This work, taking place during daytime, will require a partial hindrance in the alley from January 18 to January 22, 2016. Traffic will be maintained one lane at a time with a flagger

Note that the entrance of the arena, located in the alley, will remain opened during work.

For any comments, questions or complaints, you can call 514 873-1372 or contact us by email at turcot.commentaires@mtq.gouv.qc.ca.
