

## CONSTRUCTION OF ROUTE 136 – NIGHT WORK

**May 12, 2016** - The ministère des Transports, de la Mobilité durable et de l'Électrification des transports would like to inform the public that starting from Wednesday May 18, 2016, work will be carried out at night and on the weekend in your area.

### From May 18 to end of June, 2016

Construction of the structure of route 136 that will be spanning rue Saint-Jacques.

### Work Schedule

During this period, work will be carried out 24/7.

Work during the weekend will be ongoing beyond the end of June, 2016 and mainly during the day.

### Mitigation Measures

The Ministère is aware of the inconveniences that this work may cause, but the public is assured that all measures are being implemented to complete it as efficiently as possible. These measures include:

- Setting up noise mitigation measures on some equipment, e.g. interdiction of slamming doors of dump trucks, lowering backup alarm volume);
- Noise and vibration monitoring by teams onsite;
- Restricting work carried out during night that may cause higher vibration and noise levels.
