

## DISMANTLING AND RECONSTRUCTION OF THE OVERPASS SAINT-JACQUES

**October 12, 2016** – The ministère des Transports, de la Mobilité durable et de l'Électrification des transports will continue the dismantling of the fourth and last part of the rue Saint-Jacques overpass during the weekend of October 14, 2016. Noise levels higher than usual may occur during certain operations and major hindrances are necessary on the highway network.

### Work Schedule

- Weekend of October 14, from Friday 10 pm to Monday 5 am – Overpass dismantling

### Mitigation Measures

The Ministère is aware of the inconveniences that this work may cause, but the public is assured that all measures are being implemented to complete it as efficiently as possible. These measures include:

- Continuous water spreading during dismantling to limit dust emission and dispersion
- Noise monitoring by the environment quality team
- Temporary noise barriers

### Traffic Hindrances
