

# Notice to residents

The ministère des Transports wishes to inform you that **night-time dismantling operations of autoroute 15** will be carried out between rue Saint-Patrick and rue Hadley from **April 11 to 19 and from April 23 to 25**.

## Work Schedule

For safety reasons, these operations requires the closure of autoroute 15. **The work must be realized at night from Monday to Friday, between 10 p.m. and 5 a.m.**

## Sound Climate

Due to the nature of the operations to be carried out and constraints limiting the mitigation measures that can be implemented, including the height of the structures and the limited space in the area, the noise levels allowed for these operations could exceed the thresholds normally allowed.

## Comité de bon voisinage Turcot

A Neighbourhood Committee, open to the public, has been implemented in your area. By attending these meetings, you can find out more about the upcoming work and ask questions.

Next meeting:

**Tuesday, April 16, 2019 at 7 p.m.**  
**75, rue du Square Sir-George-Étienne-Cartier, Montréal**
