Notice to residents

The ministère des Transports wishes to inform you that work will have to be carried out during the weekends to complete the reconstruction of rue De Roberval before the winter period.

Traffic

During construction work, rue De Roberval is closed between avenue de l'Église and rue Angers. **Local traffic is allowed for residents.**

Parking

Parking on rue De Roberval is prohibited. A temporary parking lot opposite Marie-de-l'Incarnation School (accessible via rue De Roberval) is available for you since October 15.

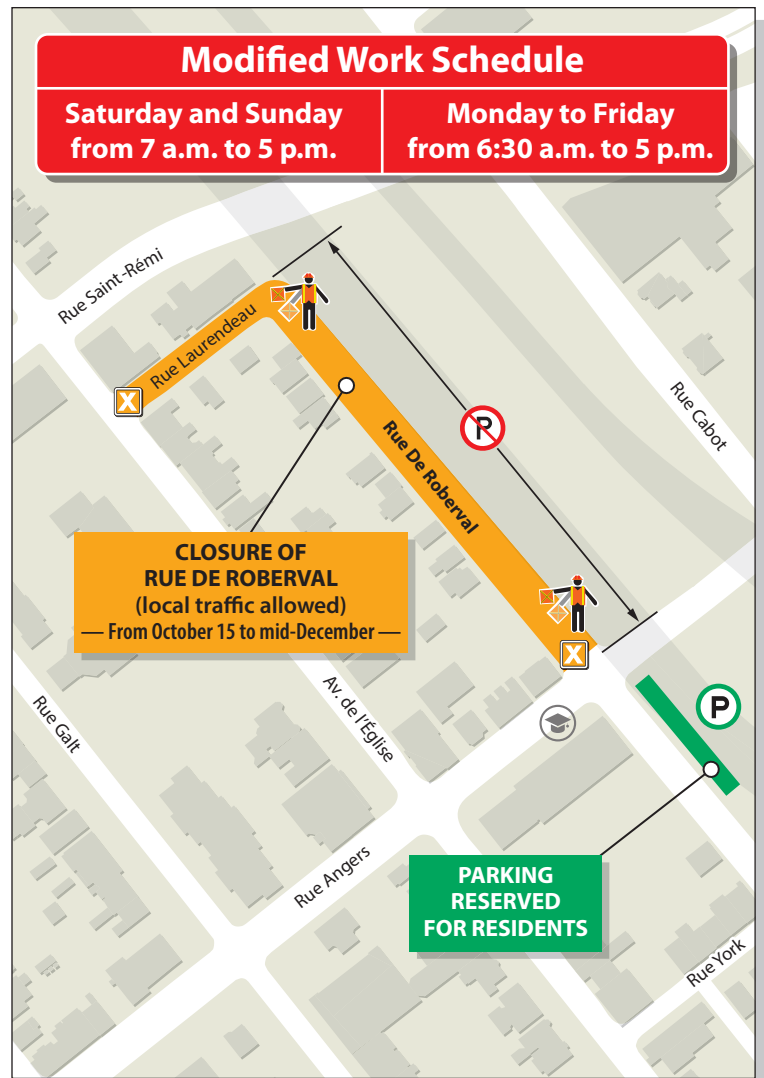

Access to your entrances will be possible most of the time, except when the work will be located in front.

Water Supply

Drinking water supply is provided through a temporary network connected directly to the outlets of the residences. **During connection operations, temporary water cuts will be required.** A notice will be distributed to advise you in a timely manner.

Garbage, Recycling, Compost Collection

Bins or bags must be placed at the edge of the sidewalk before 6 a.m. every Thursday. A site worker will move them for city pick-up. Afterwards, the bins will be returned. Please make sure to properly identify your bins.
