

Turcot Neighbourhood Committee

TURCOT

CALL FOR CANDIDATES UNTIL JUNE 30, 2016

The ministère des Transports, de la Mobilité durable et de l'Électrification des transports is looking for two residents to join the NDG-Westmount Neighbourhood Committee to represent the population of Westmount.

The Neighbourhood Committee meetings are taking place in the evening, every six to eight weeks, and allow updating the public on work in progress, discussing the residents' concerns and working on implementing common solutions.

The place of residence, the geographic proximity, the availability and the involvement in the community, among others, will be taken into account in choosing the new members. Please note that all presentations at the Committee are in French.
